In the PUBG game the players are dropped on the ground in groups from parachute. They can then collect the various equipments such as guns, grenades, backpacks, med-kits etc. Players can find these equipments by entering in different houses and different other places. The players had to remain in safe zone always as other players can kill each other. Then in the battleground the players fight with each other and the player that gets alive till last will win the prize Winner Winner Chicken Dinner. He will also get some points as well from which he can further buy some paid equipment also. How to Use PUBG mobile hack Aimbot Automatic aiming bots and apps are used to target the aim automatically and shoot for if you press down the button. It is one of the best hacks available for PUBG mobile and very rare to see as it is quite complicated to implement. Many of the automatic aimbots for both android and IOS games are available in the form of increased aim assist. In this method, the code for aim & shoot is injected into PUBG game at client side or user side. The "code" is accessible in the form of increased aim assist for most Android & IOS games. Aimbots are only detectable by the anti-cheat programs launched by PUBG creators where the game is hosted. If any other player report about it, you will instantly get banned.

If you have planned to use aimbot pubg hacks then do respect your fellow players and don't abuse them as it will get you banned and identify you as a cheater. Other tips and tricks that you can keep in mind while using PUBG mobile hack aimbot are as follows:

Don't shoot through the walls. Don't shoot the players in every go, keep it natural as if you are so accurate in shooting the enemies than you may easily be identifiable as cheater. Set a limit between your aiming speed and shooting speed. Don't always shot on head. Aimbot detects graphics objects such as head, torso etc. Set your profile with few numbers of headshots only. Get aware of Kill cams and don't let others know that you are using aimbots. #4. Hack PUBG Battle Points Battle Points are the points that count as virtual currency in PUBG Mobile game which players can earn after winning different battles. Further, these battle points can be exchanged for crates that constitutes of different costumes. These costumes don't provide any direct help for the players but can be helpful to hide themselves in costumes if there is similar textured environment as of costumes.

20 Battle points can be earned by killing each enemy and one can also earn more on his/her performances, ratings, rankings and shots.

One can find different websites over internet that deals in selling battle points or you can earn those battle points just by surfing few ads over internet for free.

One can earn lots of battle points in PUBG using AFK Mode i.e (Away From Keyboard). AFK can be achieved if a player chooses a safe spot in the battleground where not many of the other players come. By being idle and hiding yourself from other players, you can achieved battle points on the basis of your long survival rankings.

It's not a hack but a trick to earn more battle points in PUBG in which there is no danger of getting banned from the game. It's completely safe and one can use it to in getbattle points PUBG.

#5. PUBG MOBILE SPEED HACK All the players also know that if one can increase bit of speed than other players than there is always a chance of longer survival in the game. In fact, in PUBG community forum there are lots of players complaining that other player's speed is more than the usual one.

PUBG Mobile game speed hack can be achieved by making slight modification in the code but increase the speed only a bit otherwise anti-cheats in PUBG will identify you and will get you banned from playing the game.

The method of increasing PUBG speed is simple. All you need to do is to access the code of PUBG and make changes in the values of presets to outbound packets and send packets faster than normal.

These are the few of the methods related to PUBG Mobile hacks. Share it with your friends if you found them interesting.
